

**Nationals Survey – Please send in the survey by February 1, 2014**

The information below is for planning purposes only - responding to the survey does not constitute an entry, nor does it hold an entry for any team

Dogs must be entered for all 9 classes; however, they can be marked absent for any class you desire not to run

Nationals entries are always random draw

See the CPE website events page for dog eligibility requirements and more information as it becomes available!

**Future CPE Nationals!**

Your input helps in planning for future year Nationals! It is becoming increasingly difficult to find nice locations with reasonably priced rent and other site expenses, to hold an event of that size.

Nationals expenses are covered entirely by exhibitors entries - there is no profit from year to year, or corporate sponsorship.

The usual Nationals schedule is: exhibitor set up and early check in Thurs afternoon, finish check in Fri am, running dogs Fri/Sat/Sun – 3 classes per day.

The states listed below are for possible future planning purposes for CPE only. States are listed that have CPE clubs, and at least 600 registered CPE memberships within about a 4 hour drive. Minnesota, Florida, Ohio and Indiana are not listed – see already planned future Nationals in those areas

**This section is to see if there is enough interest to consider a four day future Nationals, to allow more dogs to enter**

This possible schedule is for purposes of planning only – it could change if a four day show was held:  
am check in for all exhibitors on Thursday, run 2 classes on Thursday afternoon  
early am start times: Friday – run 3 classes, Saturday & Sunday – run 2 classes each

*At this time, if you would be interested in a 4 day future Nationals, please put an X in the box below:*
